About the Cerrahpaşa Medical Journal
Cerrahpaşa Medical Journal is a peer reviewed, open access, online-only journal published by the İstanbul University-Cerrahpaşa.

Cerrahpaşa Medical Journal is a continuously published journal in English. The journal has moved to continuous publication by volume from Volume 49. Rather than publishing content into three online issues per year, all articles are published into a single annual (January-December) volume which will fill throughout the year as each new article is published.

Continuous publication model allows articles to be immediately released online rather than waiting for other articles in the issue to be completed. This model enhances the visibility and accessibility of the latest developments in the field.
